

Privacy Policy

Overview

Eli Hickox developed the application eh Radio Logger, a Ham Radio Logging App for iOS users to log their radio contacts. The app is intended for use as is. This page is to inform users of the privacy policy.

Data Collection

This app does not collect any data:

- No personal information is collected
- No analytics or tracking is used
- No advertisements are present
- No data is transmitted from your device

Data Storage

The app stores only what you enter (call signs, logs, contacts) locally on your device. This data stays on your device and is not sent anywhere else unless explicitly exported by the user.

Third-Party Services

This app does not use any third-party services that collect information.
